The first choice for lasting impressions

—

With a history that extends more than a century, Austral Bricks have a proud tradition of 100% Australian ownership and today, our brick operations source and make a diverse range of quality clay products across the entire country. We are committed to continuing to inspire and innovate through product and style.

We are proud at Austral Bricks to share that all of our local, Australian made bricks are certified as Climate Active.

Enduring Quality

Proven to last a lifetime, bricks are the strong, sensible choice, guaranteed to deliver on the number one priority of structural security, as well as providing a low maintenance and efficient build from day one.

Austral Bricks offer an affordable quality that stands out and building with bricks offers long-lasting, superior quality and valued investment for years.

Peace of mind guaranteed

Austral Bricks are backed by an exclusive Brickworks 100 year warranty.

Designed to Last

Versatility in design, durability that lasts a lifetime and the highest thermal comfort, with almost no maintenance. Clay bricks and pavers from Austral Bricks tick all the boxes for homes and projects with value and sustainability in mind.

Affordable Value

Cost effective building product materials that increase the value of your investment or project from day one, for generations to come.

Low Maintenance

No need for paint or other treatments to maintain their aesthetics and durability. They are strong, reliable and relatively maintenance free.

Energy Efficient

Combined with intelligent passive building design elements, clay bricks can help moderate building temperatures and reduce energy consumption.

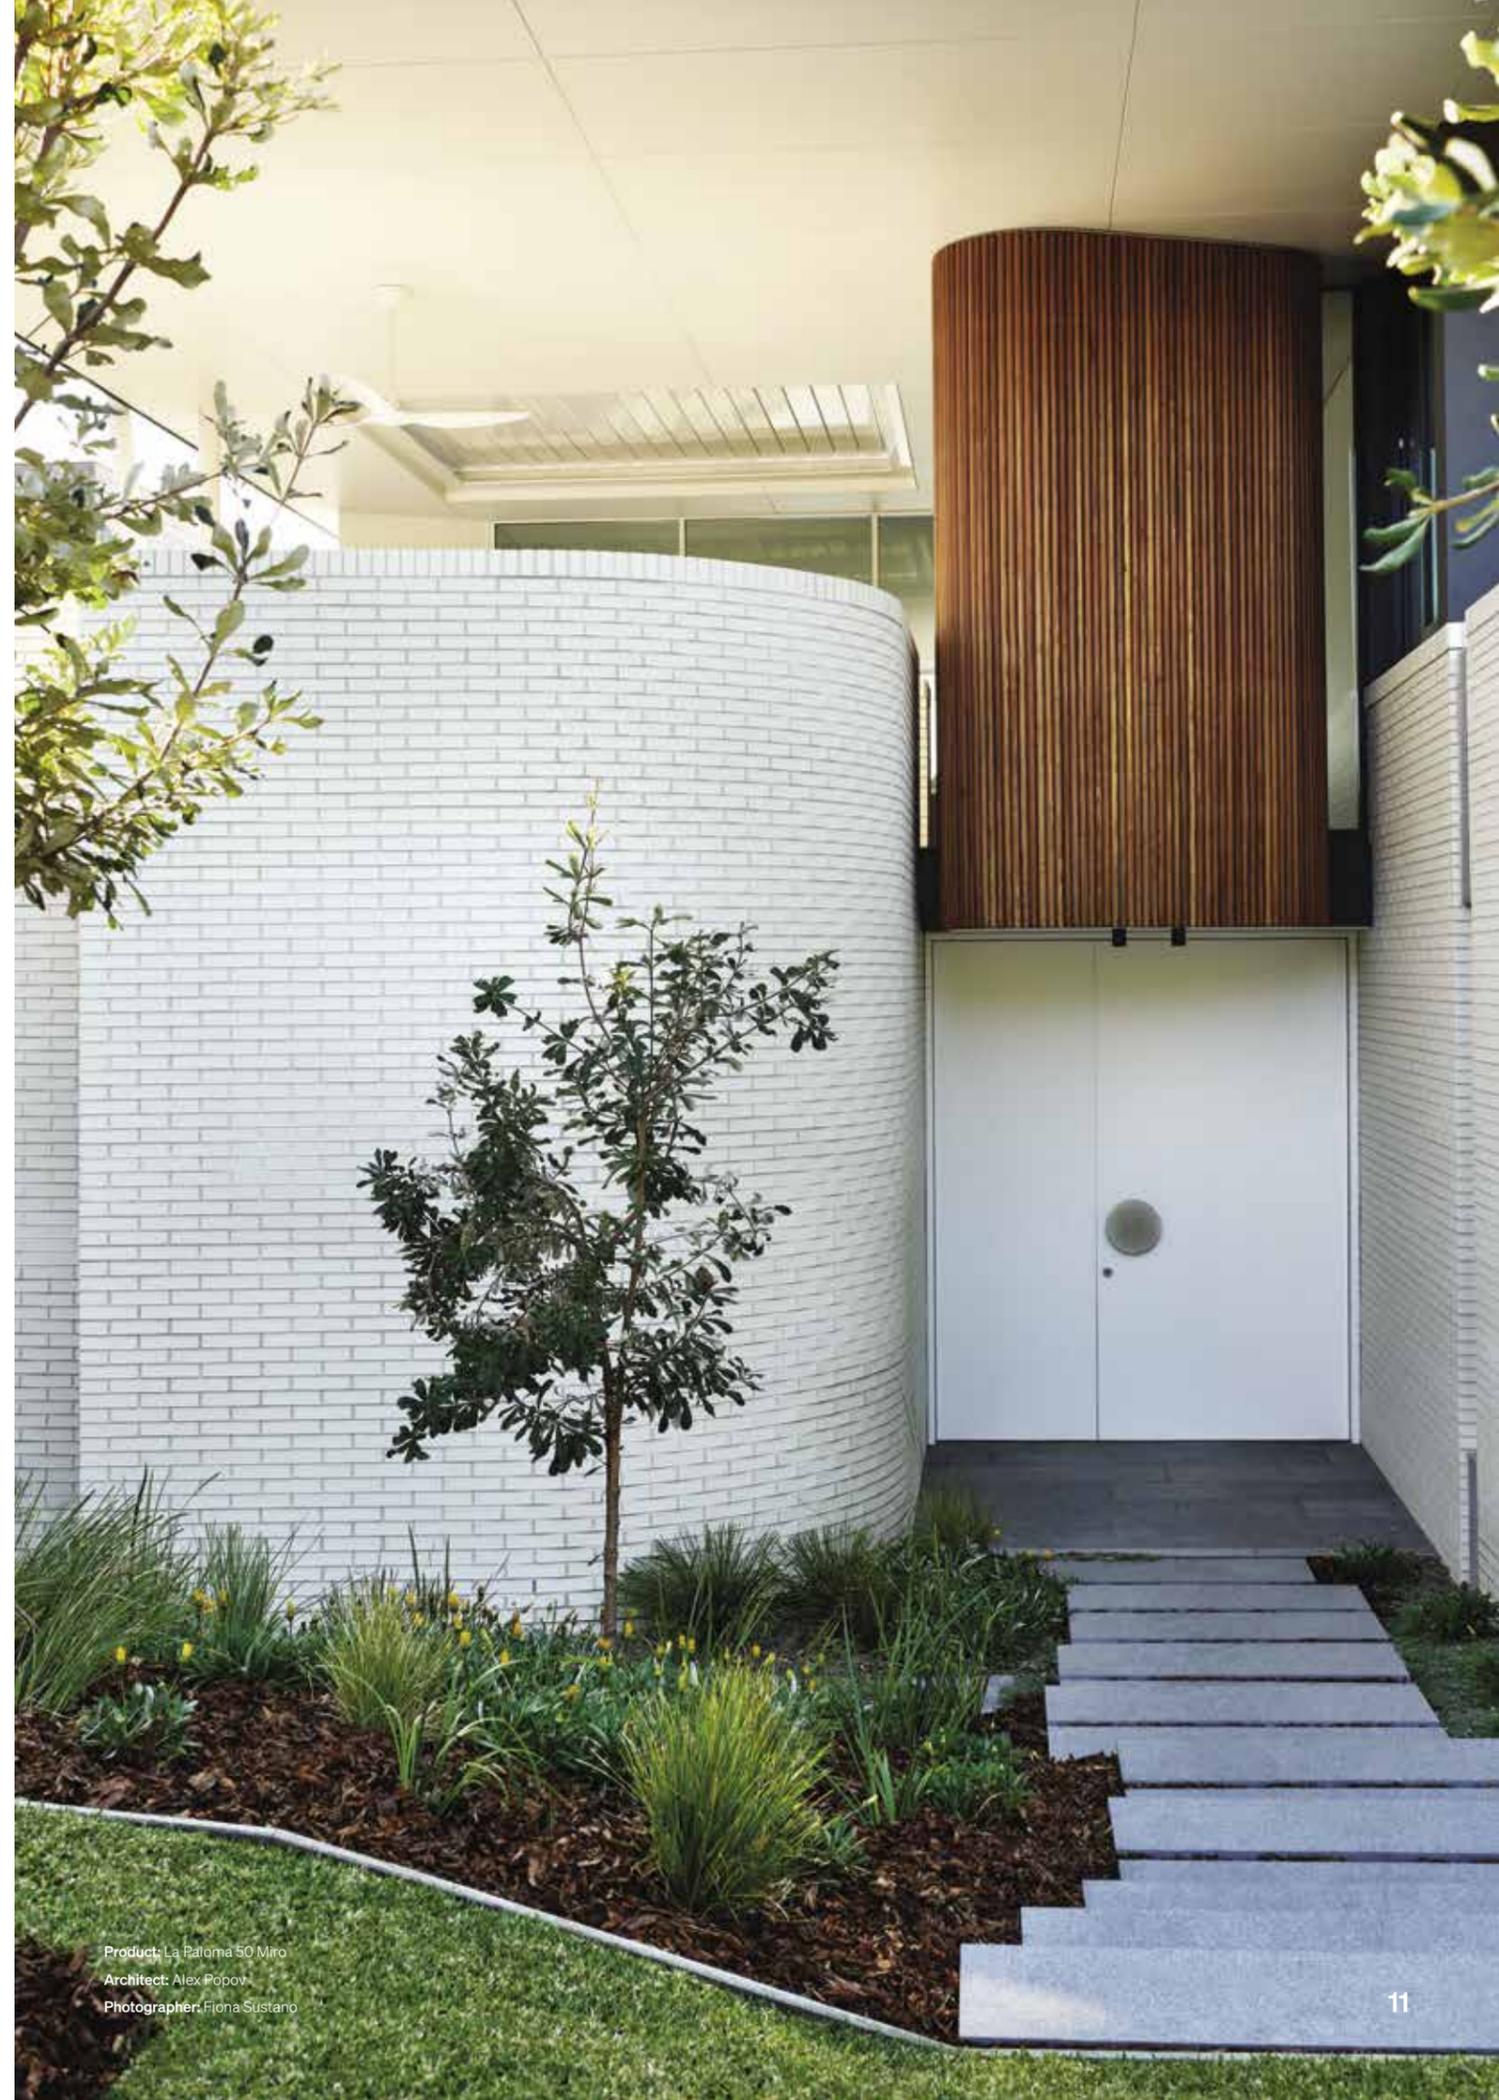

Strength and Safety

Clay products are stronger than concrete and other light weight materials and also provide a safer and more secure home from the outside environment.

Naturally Sustainable

Clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability. Architects, engineers and specifiers continue to appreciate the advantages of using clay products.

New Arrivals

Stratos Series

As a country all too familiar with big skies, storm clouds and dappled sunlight on the ocean, it's little wonder these popular bricks are a favourite in modern homes and commercial projects. With their variegated marbling, natural greys and lush marbled finishes, it doesn't take a lot of imagination to connect this special range to the coastal landscapes which surrounds us.

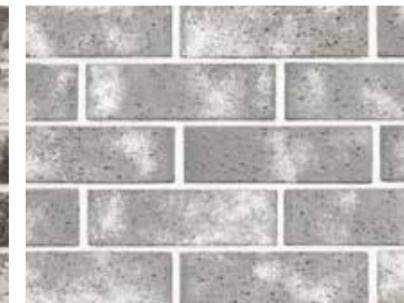

Perfect for architectural highlights or strong focal points, the Stratos Series creates a dramatic visual punch – yet can work seamlessly within existing layouts and designs due to their extraordinary natural colours.

With their subtly textured faces, this collection has been crafted for designs that require a nuanced statement that epitomises refinement and natural elegance.

Domain

Confident, subtle and robust, this classic favourite is inspired by gentle sunlight through trees, and it's this gently filtered light and mid-tone contrast that new home owners in particular are drawn to. There's a timelessness and durability attached to these bricks too, providing a welcome feeling of strength and protection.

But that doesn't mean the Domain Range is for traditional builds only, it could be used to great effect across a range of applications from small homes to significant architectural builds that require presence and elegance.

This inviting collection works in harmony with just about any surrounds from urban to rural environments, and allows great flexibility to blend in or stand out, while enveloping homes in a timeless, strong natural material.

Panorama 50

The Panorama 50 Collection has an outstanding reputation for bringing finesse and elegance to modern builds. With a longer length, but thinner profile, they work well inside or outside for striking feature walls or exterior cladding.

From horizontal clean lines to herringbone, the Panorama 50 Collection is as versatile as your imagination. With bold, contemporary colours in tasteful hues, these beautifully strong bricks are ideal for expressing design ideas.

Nelissen

Made with an exquisite rustic texture, Nelissen bricks are sculptured pieces in themselves. In fact, due to the irregular folded grooves and exquisite colours, each is a genuinely unique work of craftsmanship. Created using a combination of age-old materials, and ultra-modern kiln techniques, Nelissen's multi-shade faces and a rich velvety sand surfaces are the result of years of dedicated research and development.

Dimensions

La Paloma Shapes

Spain has a history of passion, colour and vibrancy – and that’s exactly what La Paloma delivers.

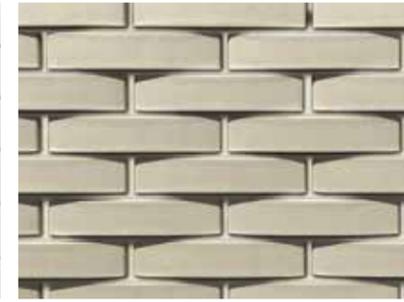

Available in three different forms, each brick is a standard size but has been refined and tested using innovative techniques and strong architectural design cues. Created using a high-quality clay and shaped to provide stunning contrasts, each brick is a beauty to behold.

Beautiful as architectural feature highlights, and equally elegant as a feature wall or façade, this collection is designed to inspire creative bold expressions.

Premium Collection

Venetian Glass

Venice – historic city of bridges and canals, art and artisans. For centuries, Venetians have been producing magnificent glass pieces of every description. Our new range has all the features you'd expect in coloured designer glass – brilliance, transparency, sophistication.

FEATURED: ARCTIC CRYSTAL NATURAL

Ultra Smooth

Ultra Smooth's brick surface is created during manufacturing using our finest ground clays and the latest advanced ceramic technology. The smooth velvety finish of this range sits perfectly with the clean lines of contemporary architecture.

FEATURED: RHYTHM

La Paloma

Spain – confident, creative and the artistry of Dali, Picasso and Miró, which give inspiration to the soft white and charcoal black bricks of La Paloma and La Paloma Rustico. Characterful, eye-catching and steeped in heritage, they express two striking colours found in the spectrum of fired clay colours, transforming buildings into works of art.

FEATURED: LA PALOMA | ROMERO, LA PALOMA RÚSTICO | MIRO

San Selmo

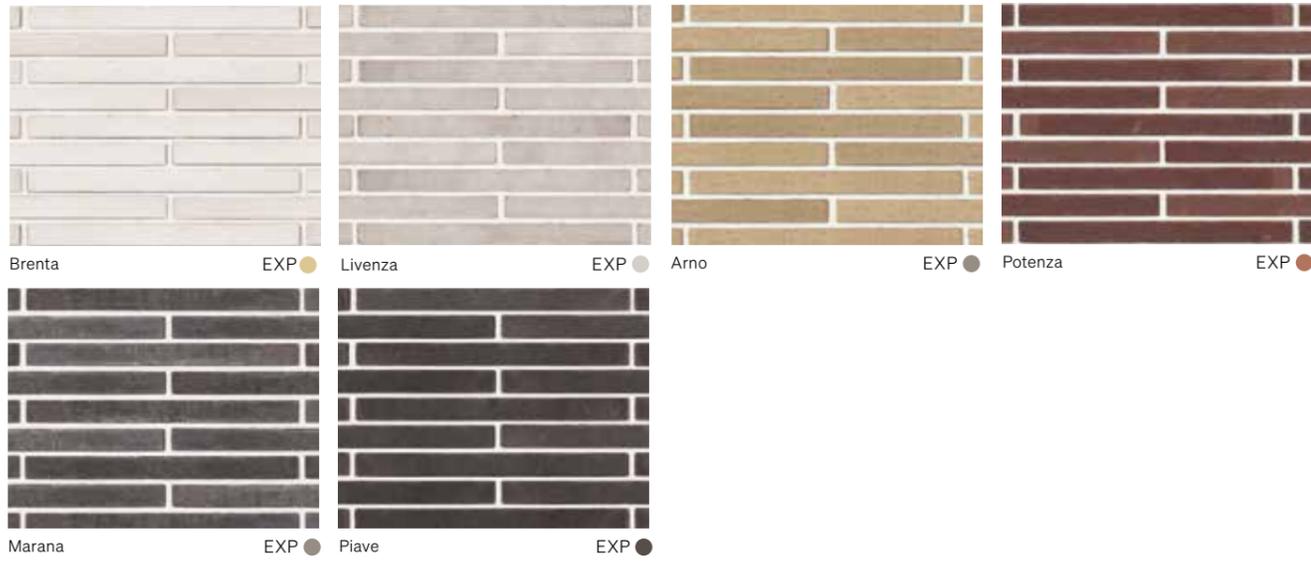

Italy – inspired, rustic and charming. The unique San Selmo range of Smoked, Reclaimed, Textured and Raw Corso, embodies the beauty of brick. With hues that transition from light to dark, tactile finishes, and sizes from conventional to distinctive, the San Selmo range suits all contemporary projects and environments.

Metallix

A brick face that glimmers, sparks immediate interest and which possesses great subtlety. With its depth of colour the Metallix range reflects light on finished brickwork, creating a satin metallic sheen that will lend depth and sophistication to your project.

FEATURED: ZINC

Melbourne

The city of Melbourne's long-established middle suburbs are instantly recognisable as being in a class of their own. Our Melbourne range was originally developed for home rebuilds or renovations to homes but has quickly achieved huge popularity for their elegant modernity and use in new homes. Authentic, aesthetic and characterful, these bricks convey a sense of charm with their gentle colour variation, patches of blue, and clean, crisp edges.

Essentials Collection

Indulgence

Indulge and spoil yourself with this innovative range, its neutral colour tones and quietly confident style. Bring a sense of presence to your project through these subtly textured bricks that come in a range of popular colours. The perfect brick either on their own, or in combination with others, or even with other building products that offer strong contrast.

FEATURED: PRALINE

Access

Access opens the door to a contemporary series of bricks that tick all the right boxes, bringing affordable, elegant style to everyday living. With its simple light texture, Access comes in a full range of natural clay colours and a great start for anyone designing and coordinating their home's entire colour scheme.

FEATURED: TAN

Industrial

Hardworking, strong and durable, all of them qualities that spring to mind when we consider the term, Industrial. Our range is the embodiment of the strength and durability of a grey colour palette – from soft pale grey to deep strong black. Industrial's distinctive soft surface texture can be used to great effect, and work beautifully on their own or in combination. In fact, they're the perfect choice for today's popular modern grey colour designs.

Mortex

MORTEX is a factory manufactured, quality assured premixed M4 rated mortar solution. Its consistency can save labour time, increase efficiency, remove the need for on site blending, and it is compliant with AS3700:2018. MORTEX takes the guess work out of mortar blending and reduces the potential for under strength, non compliant mortar use.

This can ultimately reduce potential liabilities, saving money and time on rectifications. With the adoption of ISO9001:2008 principles, the mortar constituents are accurately measured and blended in a controlled environment to ensure consistent, homogeneous mortar is produced on-site.

Mortar Colour

White mortar is currently the most popular colour. This is made by mixing light coloured cement and white sand and results in a traditional brick and mortar look. Mortar can be coloured by adding powdered or liquid pigments to the mortar as it is being mixed by the bricklayer. It can also be tinted to match the brick

colour, giving a very even wall colour.

Please confirm with your bricklayer what their mortar colouring offering is before making your final decision.

For more information on MORTEX, please visit:

australbricks.com.au/VIC/product/Mortex

Mortar Finishes

There are four common mortar finishes and these various finishes result in different shadow lines on the wall. A raked finish will create a deep shadow in the mortar joint. This brings out the horizontal lines of the brickwork (and the vertical lines to a lesser extent) and it is the most common finish. Ironed and struck joints also create shadow lines, but these are much finer and more subtle. A flush joint doesn't allow shadow lines to form at all, giving the wall a flatter, more unified look. Using a mortar colour to match the brick will take this a step further.

		Steel	EXP	M	Cool Grey	Sterling	230mm x 110mm x 76mm	42

*Or made to order

EXP = Exposure grade

Suitable for use in external walls exposed to aggressive environments, such as; areas subjected to salts in the soil, adjacent material or ground water, in coastal areas exposed to attack from windborne salt spray, or retaining walls subjected to fertilisers and ground salts.

GP = General purpose

Suitable for internal and external walls only when above a sheet or membrane damp-proof course and protected by an adequate coping, eaves, roof or similar top covering. These units should not be directly exposed to saline environments.

Solar absorptance rating

In the design of energy efficient buildings, architects and consulting engineers need to be able to calculate the heat loss or gain of materials used to construct these buildings.

For this reason, our product range has been categorised into the below three colour groups –

- Light (L)** < 0.475
 - Medium (M)** 0.475 - 0.70
 - Dark (D)** > 0.70
- to assist with their calculations.

Blend Collection

Collection	Range	Product	Durability Class	Solar Rating	Colour Group	Colour Scheme	Composition	Size
PREMIUM	SAN SELMO SMOKED	Ember	GP	L	Blackish	Raven	50% Opaque Slate, 50% Grey Cashmere	230mm x 110mm x 76mm
GLAZED	GALLERIA	Aqueous	EXP	M	Cool Grey	Sterling	50% Royal, 50% Pacific	230mm x 110mm x 76mm*
		Crimson Sky	EXP	D	Brown	Sienna	50% Sienna, 50% Crimson	230mm x 110mm x 76mm*
		Eden	EXP	M	Cool Grey	Sterling	50% Jade, 50% Emerald	230mm x 110mm x 76mm*
		Serenity	EXP	M	Warm Grey	Taupe	40% Majestic Grey, 60% Karrington Silver	230mm x 110mm x 76mm*
		Superstition	EXP	D	Blackish	Raven	50% Espresso, 50% Charming Black	230mm x 110mm x 76mm*
		LUXE	GOVERNOR	Bowen	GP	M	Tan	Bisque
Cairns	GP			M	Tan	Bisque	70% Wakehurst, 30% Haigh	230mm x 110mm x 76mm
